

26 JUNE 2025

MAC FOCUS

on Aortic Aneurysm Disease

SCHEDULED DATES FOR MAC FOCUS
26.06.2025 | 17.09.2025 | 12.11.2025

JOIN US FOR THE MAC FOCUS WEBINAR ON AORTIC ANEURYSM DISEASE

Join us for the MAC FOCUS Webinar on Aortic Aneurysm Disease, the second in a new four-part series hosted under the auspices of the MAC Conference, organized by Prof. Dr. Daniela Branzan, Head of Vascular and Endovascular Surgery at TUM University Hospital. This webinar brings together internationally recognized experts to discuss cutting-edge topics in the management of aortic aneurysms.

This educational series addresses major vascular conditions – including Carotid Disease, Aortic Aneurysms, and Venous Disease – with a focus on delivering the latest clinical evidence, innovations, and strategies to improve patient outcomes.

Abdominal Aortic Aneurysm (AAA) is a silent yet potentially fatal condition, often progressing without symptoms until rupture – an event associated with extremely high mortality. Early detection, precise risk assessment, and timely intervention are critical to prevent catastrophic outcomes. This webinar will explore the latest challenges and innovations in the diagnosis, monitoring, and treatment of aortic aneurysms, equipping clinicians with cutting-edge strategies to improve patient survival and care.

Programme

26 June 2025

| | |
|---------------|--|
| 18:00 – 18:05 | <ul style="list-style-type: none">• Introduction <i>Daniela Branzan</i> |
| 18:05 – 18:25 | <ul style="list-style-type: none">• Current ESVS Guidelines for the Treatment of Abdominal Aortic Aneurysm: How guidelines shape clinical practice and areas needing future updates. <i>Anders Wanhainen</i> |
| 18:25 – 18:35 | <ul style="list-style-type: none">• Discussions |
| 18:35 – 18:55 | <ul style="list-style-type: none">• Precision Medicine in Aortic Aneurysm Management: Integrating Genomics, Biomarkers, and AI. <i>Kak Khee Yeung</i> |
| 18:55 – 19:05 | <ul style="list-style-type: none">• Discussions |
| 19:05 – 19:25 | <ul style="list-style-type: none">• Innovations in Endovascular Aortic Repair and their Impact on Aneurysm Treatment Paradigms: Lessons learned from 30 years of vascular surgery. <i>Eric Verhoeven</i> |
| 19:25 – 19:35 | <ul style="list-style-type: none">• Discussions |
| 19:35 – 19:40 | <ul style="list-style-type: none">• Closing Remarks <i>Daniela Branzan</i> |

Faculty

- **Prof. Dr. Daniela Branzan, MD**
Professor of Vascular and Endovascular Surgery, TUM School of Medicine and Health, Technical University of Munich, Germany
- **Prof. Dr. Anders Wanhainen, MD**
Professor of Surgical Sciences, Vascular Surgery, Uppsala University, Sweden
- **Prof. Dr. Kak Khee Yeung, MD**
Professor of Vascular Surgery, Amsterdam University Medical Center, Amsterdam, The Netherlands
- **Prof. Dr. Eric Verhoeven, MD, PhD**
Professor of Vascular and Endovascular Surgery, General Hospital Nuremberg, Paracelsus Medical University Nuremberg, Germany

Why Attend?

- Gain the latest evidence-based insights on aortic aneurysm diagnosis, treatment, and follow-up
- Hear from internationally recognized experts at the forefront of AAA research and care
- Be part of an interactive discussion on evolving practice and future directions
- Participate in a broader educational initiative covering the spectrum of vascular disease
